

2004-09 Dodge 2500-3500 Quad cab 40-60 Rear Installation

Step 1. Driver and Passenger Tops/DT&PT:

Lift up on the seat bottoms to move the headrests away from the back window. Lift the headrests all the way up, and then with one hand holding gentle upward pressure, push the release button until the headrest comes out.

Step 2. Driver and Passenger Tops/DT&PT:

With the seat bottoms tilted slightly up, tuck the seat cover under the plastic for the headrests. You can use a box to help hold the seat up.

Step 3. Driver and Passenger Tops/DT&PT:

Mate the hook tabs shown here to the carpet that is behind the top of the seat.

Step 4. Driver & Passenger Tops/DT&PT:

Tuck the extending hook fasteners into the seat and mate them to the loop fastener sewn inside the side of the seat cover.

Step 5. Driver and Passenger Bottoms:

Tilt the seat bottoms up slightly and slide the cover on with "PB" and "DB" up. Mate the hook fasteners to the carpet on the bottom of the seat.

Step 6. Headrests/H:

Slide the headrest covers on with the hook fasteners to the front. Mate them to the loop fastener sewn inside the back edge. Re-install the headrests back into the seat.
