

## 1988-1989 Suburban 40-60 Split Bench

**Step 1. Driver & Passenger Bottoms/DB&PB:**  
Place the seat cover on with the long hook Velcro™ to the front. Tuck in the back edge of the seat cover into the seat.

**Step 2. Passenger Bottom/PB:**  
Feed the seat belts through the provided opening. The seams of the seat cover should closely match the seams of your seat.

**Step 3. Driver & Passenger Bottoms/PB:**  
View from the driver's seat of the inside flap. Tuck the inside flaps between the seats. Tilt the backrest and slide the seat all the way forward.

**Step 4. Driver and Passenger Bottoms/DB&PB:**  
View from behind the driver's seat bottom on the inside. Pull the inside flaps around to the back, tuck it under the plastic, and press the Velcro™ to the loop Velcro™ sewn on the back edge of the seat cover.

**Step 5. Driver & Passenger Bottoms/DB&PB:**  
View from the driver's side. Pull the outside flap around to the back and press the hook Velcro™ to the loop Velcro™ the same way as step 4.

**Step 6. Driver & Passenger Bottoms/DB&PB:**  
View from under the driver's seat. Route the long outside edge hook Velcro™ next to the seat between the adjustment lever and the tension spring as shown. Press it to the loop Velcro™ on the back edge.

**Step 7. Driver & Passenger Bottoms/DB&PB:**  
View from under the front of the driver's seat. Route the inside Velcro™ over the seat adjustment wire and press it to the rear loop Velcro™.

**Step 8. Driver & Passenger Bottoms/DB&PB:**  
View from the driver's side. Place the seat in the position you use when driving. Next, route the long 1" wide hook Velcro™ at an angle around to the back and connect it to the rear loop Velcro™.

**Step 9. Driver & Passenger Bottoms/DB&PB:**

View from the driver's side. Put the long outside hook Velcro™ through the square opening in the seat frame and press it to the loop Velcro™ in back at an angle. This Velcro™ can be eliminated and cut off if it interferes too much with moving the seat back and forth.

**Step 10. Driver & Passenger Bottoms/DB&PB:**

View from behind the driver's seat. The 1" snap hook clips on to the back edge of the seat with the hook up.

**Step 11. Driver & Passenger Bottoms:**

View from under the driver's seat in back. Clip the 1" snap hook over the metal edge where shown under the back edge of the seat and press the Velcro™ to the loop Velcro™ in back. Trim the excess. Use two buckles equally spaced for the passenger side.

**Step 12. Driver & Passenger Tops/DT&PT:**

Slide the seat cover on with the hook Velcro™ to the front as shown. The seams of the seat cover should closely match the seams of your seat, adjust accordingly. Tuck the hook Velcro™ into the seat and connect them to the loop Velcro™ sewn inside the back edge of the seat cover.
